

United States "Balanced" Tires

Select the Tire Built Exactly for Your Needs

There are five types of United States "Balanced" Tires—

- tires for every need of price and use
- tires for heavy cars
- tires for light cars
- tires for city pavements
- tires for rough road work
- tires for speed
- tires for heavy service

No one type of tire will suit all cars or all uses.

But among the five United States "Balanced" Tires you will find at least one type which is built exactly for your needs.

Ask the nearest United States Tire Dealer for your copy of the booklet, "Judging Tires," which tells how to secure the exact tire to suit your needs.

WILSON THANKS EMPLOYERS.

Expresses Appreciation of Permission to Employees to Serve Without Loss of Pay.

Washington, June 28.—President Wilson expressed to callers his appreciation of the announcement of business houses throughout the country that their employees would be permitted to serve with the National Guard without loss of salaries or positions. Several employers have sent such announcements direct to the White House, and the president has written thanking them. To one New York company he wrote:

"The patriotic response of the business men of America, in the present unusual circumstances of the country has been what I personally, confidently expected it would be, and it affords me genuine pleasure to have this opportunity to express my great admiration and gratification."

Hogs—720, 8@8½c.
Cattle—125, 3@7c.
Calves—1,120, 3@8½c.
Milk cows—10, \$60@100.

IN BOSTON MARKETS.

All Prices Remain About the Same—
Really Good Eggs Few.

Boston, June 28.—The local butter, cheese and egg markets do not change much. Fine butter is fairly firm, as there is a rather good consumptive demand and receivers are storing what stock of this sort they cannot sell at the usual margin of profit. The demand for the under grades, however, is slow and since they are beginning to pile up there is some shading of prices to prevent burdensome accumulations. The demand for cheese is slow and prices are steady only because receivers are storing a good deal of stock; the primary markets are easier and this fact makes sales difficult at full quotations. The market is still short of really good eggs and prices are firm and inclined higher.

Jobbing quotations:
Butter—Fancy northern creamery, tubs 32@32½c, boxes 33@33½c, prints 33½@34c; fancy western creamery 31@31½c; good to choice creamery 29½@30½c.
Cheese—New York twins, new 17@17½c; fair to good, 16@16½c; Young America, new 17½@18c.

Eggs—Fancy henney, 32@33c; choice eastern, 29@30c; fresh western extras, 27@28c; prime firsts, 26@27c; firsts, 25@26c.

HEAVY CATTLE LOWER.

Decline at Brighton Stockyards—Hogs Firmer and Higher.

Brighton, Mass., June 28.—Heavy cattle were distinctly easier at Brighton stockyard yesterday, with prices a half cent or more lower than a week ago. Hogs were firmer and higher, other quotations being unchanged.

Heavy beef cattle declined still further and some choice cattle sold at 9½ cents, this being about the top price for the day. The range for the best cattle was 9@9½ cents, with good cattle at 8@8½ cents and light cattle at 7@7½ cents.

Some fancy beef cows and heifers sold

IF YOU WORRY, READ THIS

Worry never brought any good to anybody. But, you say, "I don't worry because I want to." Or, "I worry because I can't help it." Or, "I worry because I have so much to worry about."

We all have our troubles and worry, of course, makes matters worse. The patient generally recognizes this fact without being able to profit by it. The doctor who could meet this nervous condition and cure it would be the most popular medical man alive. But he cannot do it because the form of nervous exhaustion known as neurasthenia, of which worry is a characteristic symptom, must be cured by the patient himself. That is why you should write today for the book "Diseases of the Nervous System" and read the chapter on "Neurasthenia." So many people have read it and written back, "This hits my case exactly. I am giving the treatment a trial and being benefited," that the Dr. Williams Medicine Co., Schenectady, N. Y. has had a lot of these books printed and will send you a copy free on request.

Dr. Williams' Pink Pills are a non-alcoholic tonic, particularly suited for nervous, neurasthenic people. Your druggist sells them or they will be mailed postpaid on receipt of price, 50 cents per box, six boxes for \$2.50.

well up to 8 cents, the range for tops being 7@8 cents, with cows at 5@6 cents, with ordinary cows at 4@4½ cents and canners at 3½@4 cents.

Fancy bulls sold as high as 7½ cents, the range being 7@7½ cents for tops, with good bulls at 6@6½ cents and ordinary bulls and bolognas at 5@5½ cents. Calves were in good supply, but the demand holds up well and prices are practically unchanged at 10@11 cents for best bunch lots and some small fancy lots as high as 11½ cents. Fair lots sold at 8@9½ cents and grassers and drinkers at 6@7½ cents.

Hogs were strong and higher, owing to a lighter run, and firmer in the West. Sales were made at Brighton yesterday at 10@10½ cents for best lots and 9½@10 cents for rough lots.

Only about a half dozen sheep and lambs were noted at the yards yesterday, and prices are entirely nominal. Choice lambs should bring up to 9 cents if they were available.

Demand for milk cows is mainly for the better grades, and with the exception of an occasional sale to territory north and west of Boston, comes from Rhode Island and southeastern Massachusetts. Fancy milkers are selling at \$80@100, and sometimes more, with good milkers at \$50@75. Poorer stock sells slowly, and it is often a question with the drovers whether to sell for beef or for milkers. Such stock brings from \$50 down.

WOODBURY.

Long distance furniture moving and heavy trucking at reasonable rates. Two-ton auto trucks at your service. Vermont Trucking & Sales Co., Barre, Tel. 152-W.

Why Is the Alphabet like a smart business man? Because it has a capital I for Insurance? We offer information on the subject of Life Insurance. National Life Ins. Co., of Vt. (Mutual). S. S. Ballard, general agent, Rialto building, Montpelier, Vt.

In the Early Stages of Tuberculosis

Your chances for defeating this dreaded affection depend largely on your ability to restore normal body functions.

To do this, one requirement is proper attention to diet and pure food. Also rest and fresh air, day and night. Where the system is run down and likelihood of serious consequences thus increased, Eckman's Alternative may prove beneficial, as it has in many cases.

This is a lime treatment—but unlike any other. For here the lime content is so combined with other ingredients as to be easily assimilated by the average person.

A trial can do no harm, since Eckman's Alternative contains no poisonous or habit-forming drugs. At your druggist's.

Eckman Laboratory, Philadelphia.

103 DEGREES AWARDED

At Commencement Exercises
of University of Ver-
mont To-day

EIGHT HONORARY
ANNOUNCEMENTS

H.; Ruth Peck France, Hinesburg; Clara Maria Gardner, Fair Haven; Harold Almon Gardner, Montpelier; Elizabeth Sherman Gilmore, Pittsford; Francis Lincoln Graft, Brooklyn, N. Y.; Ruth Brown Grandy, Burlington; Frank Estelbert Griffin, Burlington; Raymond Leonard Grimmer, Burlington; Frank Elias Malcom, New Bedford, Mass.; Agnes Julia Miller, Narragansett Pier, R. I.; Harrison Wilfred Moore, Bennington; Helen Edna Nichols, Marlboro; Rodger Marble Olden, Woodstock; Fred Charles Palmer, Burlington; Robert Norton Pease, Burlington; Peter Schenck, Bennington; N. Y.; Lucy Belle Pierce, Hinesburg; Charlotte Cynthia Pierpont, New Haven, Conn.; Laura Burt Porter, Burlington; Lilian Fay Ranney, Pittsford; Paul Lewis Ranson, Woodstock; Fred New Raymond, Pittsford, Mass.; Ruth Elizabeth Rutter, Burlington; Carroll Morgan Salls, Burlington; Amory Davison Seaver, Barton; Jessie Ardelle Southard, Fairfax; Gerald Max Sporing, Dresden, Germany; Leonora Stiles, Sudbury, Mass.; Lucy Gertrude Swift, Middlesex; Howard Burnham Tiley, Worcester, Mass.; Constance Votey, Burlington; Ethel Burdick Ward, Burlington; Walter Scize Weeks, Rutland; Bernice White, Burlington; Mabel Florence Wilson, Hardwick.

College of Medicine.

Joseph Anthony Clinch, Waterbury, Conn.; Maurice Cohen, Paterson, N. J.; Robert Milard Dering, Ballston Spa, N. Y.; Thomas Stephen Flynn, Woonsocket, R. I.; Henry Joseph Kelley, Dorchester, Mass.; Maurice Edwin Lord, North Brookville; Ralph Willis Nutter, Alfred, Me.; Ewald Edward Olson, Harrington Park, N. J.; Philip Arthur Scott, Philadelphia; Douglas James Roberts, Burlington; Carl Franklin Robinson, Manchester, N. H.; Francis Lee Seannell, Lewiston, Me.; Edward Sylvester Smith, Fort Henry, N. Y.; John David Thomas, Pownal.

College of Engineering.

Wallace Edgar Armstrong, Southbridge, Mass.; George Lawrence Bean, Littleton, N. H.; Carlton Richmond Bloomer, Bennington; Robert Rudolph Bogie, Saranac Lake, N. Y.; Fred Richard Bolter, Boston; Douglas Crane Clark, Burlington; Frank Parker Carley, Barton; Allen Gilbert Dix, Barre; Lindell French, St. Johnsbury; Arthur Foster Gilmore, St. Albans; Edward Leslie Gutterson, Fair Haven; Joseph Charles Ludwie, Burlington; Joseph Monihan, Portsmouth, England; Theodore Howard Ochsle, Townsend; Victor Patterson, South Ryecote; Clement Charles Smith, Bristol; Vilroy Carleton Taplin, Windsor; Edward Morris Woodstock; Morris Raymond Wilcox, Riechford.

College of Agriculture.

Wesley Thomas Abell, St. Albans; Bruce Robert Buchanan, West Glover; Carroll Milton Pike, Montpelier; John Vincent Piper, Weatherford; Walton Hunt Scott, Philadelphia; Paul Norman Williams, 4th, Woodstock; Walter Clare Wood, Bennington.

Degrees were awarded post graduate students as follows:

M. S., Ramon C. Downing, Burlington; Lewis H. Flint, Burlington; Hazel H. Riley, Franklin.

Ph. D., A. K. Peiterson, Burlington.

Alumni Start Investigation of Prof. Appelmann.

At the annual meeting of the University of Vermont Alumni association yesterday, the following resolution, submitted by Charles E. Lamb, '93, of New York City, was unanimously adopted:

"Whereas, In the recent past, several American publications of the best repute, and Colonel Roosevelt, have seen fit to criticize the anti-American activities of A. H. Appelmann, professor of German at the University of Vermont; and

"Whereas, Because of this criticism, sinister suspicions are current which involve the good name of the university and one of its professors;

"Resolved, That the chairman of this meeting of alumni appoint a committee of five to investigate the activities of Professor Appelmann and report its findings, as soon as practicable, to the president of the association, who is requested to lay it before the board of trustees."

Opposition to the passage of the resolution was anticipated, and those who re-

SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health.

First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements, pain in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease.

For forty years it has been making women strong and well, relieving backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the change of life.

Third.—The great number of unsolicited testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Fourth.—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

vored it secured a record attendance at the annual meeting. But there was not a dissenting voice when the vote was asked for, and there was loud clapping when Mr. Lamb finished reading it.

Another resolution, patriotic in its tone and complimentary to the college students who enlisted in Company C, was introduced by Henry B. Shaw and also unanimously passed. It is as follows:

"Whereas, The best traditions of the University of Vermont are based on true citizenship and patriotism.

"And whereas, Company C of the First regiment of the Vermont National Guard, composed of students of this university, is about to proceed to military service on the Mexican border.

"Resolved, That we, the alumni here assembled at the 112th commencement, by these resolutions most heartily express our sincere appreciation that the students of to-day are nobly following the best traditions of the past in their quick and patriotic response to the country's call."

Alumni Officers.

The following officers were elected: President, Ralph A. Stewart, Boston.

Vice-president, Alvin Taylor, Chicago. Secretary, Roy L. Patrick, Burlington.

Treasurer, Forest Kehoe, Burlington. Executive committee, H. E. Gray, Burlington; A. A. Grout, Newport; John Baxendale, Bristol; Joseph T. Stearns, Burlington; Edward Abbott, Montpelier.

Committee on alumni nomination of trustee, J. M. Evans, Edward B. Strickland.

Obituary committee, W. B. Gates, George Y. Bliss, H. B. Ward, Robert Roberts.

Breakfast committee, Max L. Powell, Dr. C. H. Beecher, Dr. Frederick Jackson and Mrs. B. E. Gray.

Advisory athletic committee, Ray Collins, Dr. Lyman Allen, "Larry" Gardner.

Dr. Wheeler Near Trustee.

The vote on the candidate for trustee was as follows: Dr. John B. Wheeler, of the university on the part of the alumni, 648; Roger W. Hulburd, Hyde Park, 120; Edwin W. Lawrence, Rutland, 126; defective ballots, 40.

HOUSE ADOPTS
REPORT ON RURAL
CREDITS BILL

The Vote Was 313 to 10—The Measure Now Awaits Action in the Senate.

Washington, June 28.—A conference report on the rural credits or land bank bill was adopted by the House yesterday, 313 to 10. The report now awaits action in the Senate.

MY LITTLE GIRL
A TERRIBLE SIGHT

With Rash on Back and Arms. Also Over Face. Very Red, Formed Eruptions, Itched Badly.

HEALED BY CUTICURA SOAP AND OINTMENT

"My little girl was five years old when a rash broke out on her back and arms and also all over her face. When it first came out it was very red and then it began to form into eruptions like smallpox, and her face was so full of the eruptions that you could not put a pin head between them, and her eyes were closed. She was a terrible sight. She cried night and day the eruptions itched so badly, and I had to tie her hands so that she could not scratch. She also had a fever and was sick."

"The rash was very bad for three weeks. Then I got a cake of Cuticura Soap and a box of Cuticura Ointment and the eruption began to heal and after using three cakes of Cuticura Soap and two boxes of Ointment she was healed." (Signed) Mrs. Watson Hales, Garrettsville, N. Y., Oct. 21, 1915.

Sample Each Free by Mail

With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.
